

# APIEx Symposium & Workshop 2025

## Technology, The Expert and The Law

Meeting Room 2, 9 Straits View, Marina One West Tower Level 3, Singapore 018935  
19 – 20 November 2025, 9.00am – 6.00pm (Singapore time, GMT+8)

**Silver Term Sponsors:**

**Supporting Organisations:**

### Symposium Keynote Address

**Prof. Simon Chesterman**  
Vice Provost (Educational Innovation)  
David Marshall Professor  
Senior Director of AI Governance,  
AI Singapore Editor, Asian Journal of  
International Law  
**National University of Singapore**

**Professor Simon Chesterman** is David Marshall Professor of Law and Vice Provost (Educational Innovation) at the National University of Singapore, where he is also the founding Dean of NUS College.

He is Senior Director of AI Governance at AI Singapore and Editor of the Asian Journal of International Law. Previously, he was Dean of NUS Law (2012–2022), and Global Professor and Director of the New York University School of Law Singapore Programme (2006–2011).

Prior to joining NYU, he was a Senior Associate at the International Peace Academy and Director of UN Relations at the International Crisis Group in New York.

### About this Event

Technology is now the driver for all human activity. The emerging and pervasive technological species of Artificial Intelligence (AI) requires humans to understand it well enough to use it effectively and wisely. The pervasiveness of AI will no doubt also make its presence and effect felt in the work of professional experts who assist courts and tribunals with their specialised knowledge. It is therefore timely that we have this year's APIEx symposium dealing with the impact of technology including AI on the work of professional experts.

The Keynote Address by our distinguished guest speaker, Professor Simon Chesterman will address the **The Tragedy of AI Governance**. This will be followed by sessions where both experts and lawyers discuss issues relating to the impact of technology including AI on dispute resolution and the work of expert witnesses. The Symposium will conclude with a session which will discuss and undertake a comparative jurisdictional survey on the use of Generative Artificial Intelligence in court proceedings.

The 2nd day will feature an optional half-day Workshop on **"AI as Evidence: Navigating the Challenges of Generative AI in Expert Testimony"** led by Dr. Darryl Carlton. An APIEx Certificate of Participation will be issued to all participants who complete the Workshop.

This year's Symposium promises to be an opportunity for all professionals especially those involved in dispute resolution to participate in this Symposium.

**Target Audience:**

- Expert witnesses from various fields (construction, finance, maritime, medicine, intellectual property, technology etc.)
- Legal and arbitration professionals who work with expert witnesses
- Professionals aspiring to serve as expert witnesses in technology-related disputes
- Anyone interested in the role and impact of technology in disputes

Practice Area: **Professional Skills**  
Training Level: **General**  
Public CPD Points: TBC

BOA-SIA	3 CPD Points	PEB	(TBC)
SPM	4 CPD Points	RICS	5.5 Formal CPD Hours

**SILE Attendance Policy**

Participants who wish to obtain CPD Points are reminded that they must comply strictly with the Attendance Policy set out in the CPD Guidelines. For this activity, this includes signing in on arrival and signing out at the conclusion of the activity in the manner required by the organiser, and not being absent from the entire activity for more than 15 minutes. Participants who do not comply with the Attendance Policy will not be able to obtain CPD Points for attending the activity. Please refer to <http://www.silecpdcentre.sg> for more information.

### The Tragedy of AI Governance

This should be the golden age of AI governance. But words and actions are running in opposite directions.

Beginning around 2016, a proliferation of guides, frameworks, and principles sought to articulate ground rules for AI. The trend began in western technology companies, but quickly spread across sectors and around the world. States soon got in on the act, with many adopting national AI strategies that nodded at AI governance or responsible AI; some, like the European Union and China, are now formalising these policies into laws.

At the global level, in November 2021 UNESCO's member states unanimously adopted a "recommendation" on the ethics of AI. AI also looms large on the agenda of the G7, the G20, the OECD, the OSCE, the UN, and the WEF.

For all this talk, more powerful applications continue to be released ever more quickly. Safety and security teams are being downsized or side-lined to bring AI products to market. And a significant portion of AI developers apparently believe there is a real risk that their work poses an existential threat to humanity.

This contradiction between statements and action can be attributed to three factors that undermine the prospects for meaningful governance of AI.

The first is the shift of power from public to private hands, not only in deployment of AI products but in fundamental research and datasets also. The second is the wariness of most states about regulating the sector too aggressively, for fear that it might drive innovation elsewhere. The third is the dysfunction of global processes to manage collective action problems, epitomised by the climate crisis and now frustrating efforts to govern a technology that does not respect borders. Resolving these challenges either requires rethinking these incentive structures — or waiting for a crisis that brings the need for regulation and coordination into sharper focus.

# Symposium Programme (DAY 1)

Time	Description
9:00 – 9:10	<b>Welcome Address by APIEx President:</b> <b>Prof. Leslie Chew SC</b> – President, Asia Pacific Institute of Experts; Dean, School of Law at the Singapore University of Social Sciences; Consultant, Peter Low Chambers LLC
9.10 – 9.55	<b>Keynote Address by Prof Simon Chesterman: The Tragedy of AI Governance</b>
9.55 – 11.00	<p><b>Session 1</b></p> <p><b>Panel Discussion on the Keynote Address</b></p> <p><b>Moderator</b> <b>Prof. Leslie Chew SC</b> – President, Asia Pacific Institute of Experts; Dean, School of Law, Singapore University of Social Sciences; Consultant, Peter Low Chambers LLC</p> <p><b>Speakers/Panellists</b></p> <ul style="list-style-type: none"> <li>• <b>Dr. Darryl Carlton</b></li> <li>• <b>Ms. Seah Ee Wei</b> – Senior Manager / AI Governance and Safety, Infocomm Media Development Authority (IMDA)</li> </ul>
11.00 – 11.30	<b>Morning Break</b>
11.30 – 12.40	<p><b>Session 2</b></p> <p><b>How New Technology Is Changing Dispute Resolution</b> This session will provide a framework for discussion of what and how technology (including AI) is being used in changing dispute resolution, with a review of the new technology currently being used in dispute resolution, as well as a discussion about expected future developments.</p> <p><b>Moderator</b> <b>Mr. Geoff Green</b> – External Relations Liaison for Australia, Asia Pacific Institute of Experts; Harbourside Advisory Pty Ltd</p> <p><b>Speakers/Panellists</b></p> <ul style="list-style-type: none"> <li>• <b>Mr. Tom Bennett-Mitrovski</b> – Account Director, Legal Solutions, Epiq</li> <li>• <b>Ms. Cheryl Chong</b> – Partner, Litigation &amp; Dispute Resolution, Allen &amp; Gledhill LLP</li> <li>• <b>Mr. Bryan Ghows</b> – Managing Director, Ghows LLC, Singapore</li> </ul>
12.40 – 14.00	<b>Buffet Lunch</b>
14.00 – 15.10	<p><b>Session 3</b></p> <p><b>New Technology and the Work of the Expert Witness</b> This session would feature multidisciplinary experts discussing new technology developments, practical applications and implications on and possibilities for expert's work practices.</p> <p><b>Moderator</b> <b>Mr. Gregory Vijayendran SC</b> – Vice President, Asia Pacific Institute of Experts; Former President, Law Society of Singapore; Partner, Dispute Resolution, Rajah &amp; Tann LLP, Singapore</p> <p><b>Speakers/Panellists</b></p> <ul style="list-style-type: none"> <li>• <b>Dr. Darryl Carlton</b></li> <li>• <b>Mr. Christopher Church</b> – Senior Forensics Specialist, INTERPOL Innovation Centre</li> <li>• <b>Dr. Eugene Seah</b> – CEO, DLS Consultancy Pte Ltd</li> </ul>
15.10 – 15.40	<b>Afternoon Break</b>
15.40 – 16.50	<p><b>Session 4</b></p> <p><b>Comparative Approaches to the Use of Generative Artificial Intelligence in Court Proceedings</b> While generative artificial intelligence has the potential to transform legal work, adoption in litigation has been cautious due to the uncertainty over how the courts would view the use of such technology. Concerns over hallucinations and de-skilling of advocates are very real. This panel provides an overview of the responses of selected jurisdictions' courts to the use of Generative Artificial Intelligence, in particular, when such technology may be used, for what purposes, and what the limits of such usage should be.</p> <p><b>Moderator</b> <b>Alexander Joseph Woon Wei-Ming</b> – Provost's Chair and Lecturer, School of Law, SUSS</p> <p><b>Speakers/Panellists</b></p> <ul style="list-style-type: none"> <li>• <b>Dr. You Chuanman</b> – Senior Lecturer, School of Law, Singapore University of Social Sciences</li> <li>• <b>Mr. Tan Ken Hwee</b> – Chief Transformation &amp; Innovation Officer (Judiciary), Supreme Court of Singapore</li> </ul>
16.50 – 17:00	<b>Closing Remarks by APIEx Vice President:</b> <b>Mr. Gregory Vijayendran SC</b> – Vice President, Asia Pacific Institute of Experts; Former President, Law Society of Singapore; Partner, Dispute Resolution, Rajah & Tann LLP, Singapore
17.00 – 18.00	<b>Networking Drinks</b>

# Workshop Programme (DAY 2)

## AI as Evidence: Navigating the Challenges of Generative AI in Expert Testimony

This interactive workshop will explore the rapidly evolving intersection of generative AI and expert witness testimony. As courts increasingly encounter AI-generated content and analyses, expert witnesses must understand how to evaluate, present, and critique AI-based evidence. Participants will learn practical frameworks for assessing AI reliability, understanding algorithmic bias and hallucination, and effectively communicating complex AI concepts to judges and juries. Through case studies and hands-on exercises, attendees will develop strategies to maintain credibility when AI is either the subject of testimony or a tool used in expert analysis. This workshop is essential for both practicing expert witnesses and legal professionals who engage with technical experts in disputes involving emerging technologies.

### Format:

The workshop will combine presentation segments with interactive discussions and small group exercises. Participants will receive digital handouts including frameworks for AI evaluation, relevant case citations, and a reference guide to common AI terms and concepts for use in expert reports and testimony.

### Target Audience:

- Expert witnesses from various fields (technology, finance, medicine, engineering, etc.)
- Legal professionals who work with expert witnesses
- Consultants who provide technical analysis for litigation
- Professionals aspiring to serve as expert witnesses in technology-related disputes

Time	Description
9:00 – 9:15	<b>Introduction</b> <ul style="list-style-type: none"><li>• Welcome and workshop objectives</li><li>• Brief participant introductions and experience with AI in legal contexts</li></ul>
9.15 – 10.00	<b>The AI Landscape for Expert Witnesses</b> <ul style="list-style-type: none"><li>• Current state of generative AI technologies and capabilities</li><li>• Legal frameworks governing AI evidence in Singapore and key Asia-Pacific jurisdictions</li><li>• Recent case studies where AI evidence has been challenged or accepted</li><li>• Interactive discussion: Participants share experiences with AI in their expert domains</li></ul>
10.00 – 10.45	<b>Technical Evaluation Framework</b> <ul style="list-style-type: none"><li>• Methodology for assessing reliability of AI-generated evidence</li><li>• Understanding and explaining AI limitations to courts</li><li>• Identifying and addressing algorithmic bias</li><li>• Exercise: Evaluating sample AI outputs for potential evidentiary issues</li></ul>
10.45 – 11.00	<b>Break</b>
11.00 – 11.40	<b>Practical Applications Workshop</b> <ul style="list-style-type: none"><li>• Small group exercises addressing scenario-based challenges:<ul style="list-style-type: none"><li>• Scenario 1: Critiquing AI-generated analysis presented by opposing experts</li><li>• Scenario 2: Effectively presenting your own AI-assisted analysis</li><li>• Scenario 3: Addressing judicial questions about AI methodology</li></ul></li><li>• Group presentations and facilitator feedback</li></ul>
11.40 – 12.00	<b>Best Practices and Closing</b> <ul style="list-style-type: none"><li>• Synthesis of key principles for incorporating AI in expert testimony</li><li>• Ethical considerations and future developments</li><li>• Resources for ongoing learning</li><li>• Q&amp;A and workshop conclusion</li></ul>

## About the APIEx Representatives

**Prof. Leslie Chew SC** – President, Asia Pacific Institute of Experts; Dean, School of Law at the Singapore University of Social Sciences; Consultant, Peter Low Chambers LLC

Prof. Leslie Chew SC is the founding and current Dean of the School of Law at the Singapore University of Social Sciences. He has practiced law in one form or another for over 4 decades. He was appointed Senior Counsel in 2000. In 2007 he was appointed a judge in the State Courts where he remained until his retirement in 2014. At the State Courts he was the Senior District Judge leading the Civil Justice Division. He retired from the judiciary in 2014. Upon his retirement from the Singapore Legal Service, he returned to law practice. Currently, he is a Consultant with Peter Low Chambers LLC. He has an active practice as an arbitrator in International Commercial Arbitrations.

**Mr. Gregory Vijayendran SC** – Vice President, Asia Pacific Institute of Experts; Former President, Law Society of Singapore; Partner, Dispute Resolution, Rajah & Tann LLP

Mr. Gregory Vijayendran's present practice encompasses a specialisation in litigation, arbitration and mediation of commercial disputes and chancery matters. He is also recognised expert in insolvency and restructuring as well as charities governance. Gregory has given expert witness testimony for overseas court proceedings. Gregory was appointed Senior Counsel in 2019. He has also been appointed as a Fellow of the Insolvency Practitioners Association of Singapore, the Singapore Institute of Arbitrators and the Singapore Institute of Directors. He co-authored a chapter in Chesterman et al "Law and Technology in Singapore" (now in 2nd edition).

## About the Moderators/Speakers (Alphabetical by Surname)

**Mr. Tom Bennett-Mitrovski** – Account Director, Legal Solutions, Epiq

Mr. Tom Bennett-Mitrovski is a legal technology specialist and Account Director (ASEAN) at Epiq. Tom is a member of the Executive Committee of the Law Institute of Victoria's Technology and Innovation Section and sits on two subcommittees: Privacy, Cyber Security and Risk, and AI & Data. Tom also sits on the Law Council of Australia's Futures Committee. Tom has worked on complex cyber incident response projects, Royal Commissions, large-scale and cross-border litigation matters, arbitrations, internal investigations, and other digital forensics projects. Tom is also admitted to the Supreme Court of Victoria and practiced in commercial litigation prior to joining Epiq.

**Dr. Darryl Carlton**

Dr. Darryl Carlton is a leading authority on artificial intelligence governance and digital transformation. With over 25 years of experience spanning Australia and Southeast Asia, he specialises in helping organisations and legal professionals navigate the complex intersection of emerging technologies and regulatory frameworks. Dr Darryl advises governments and enterprises on AI strategy and implementation. He holds a PhD in information systems, specifically on "the causes of failure in large scale IT projects". He has published extensively on digital ethics, AI Governance and Risk Management. He is currently pursuing a second PhD in Law with a focus on ADR. Dr. Carlton is a fellow of the Australian Computer Society and currently divides his time between Australia and Thailand.

worth individuals on contentious issues such as fraud, internal investigations and employee misconduct. Her practice leverages various technology platforms and AI-driven tools to streamline workflows and facilitate document and information review, to deliver faster and more cost-efficient outcomes for clients. Allen & Gledhill is presently also developing its in-house Gen AI application using Large Language Models, to assist in various aspects of legal work.

**Ms. Cheryl Chong** – Partner, Litigation & Dispute Resolution, Allen & Gledhill LLP

Cheryl is a commercial litigator who has represented clients before all levels of the Singapore courts and arbitral tribunals in a wide range of matters including shareholder and investment disputes, professional liability claims, defamation, criminal prosecutions and employment disputes. She has particular expertise in white collar and investigations, and regularly advises public and private companies, financial institutions and high net

worth individuals on contentious issues such as fraud, internal investigations and employee misconduct. Her practice leverages various technology platforms and AI-driven tools to streamline workflows and facilitate document and information review, to deliver faster and more cost-efficient outcomes for clients. Allen & Gledhill is presently also developing its in-house Gen AI application using Large Language Models, to assist in various aspects of legal work.

**Mr. Christopher Church** – Senior Forensics Specialist, INTERPOL Innovation Centre

Mr. Christopher Church works for INTERPOL Innovation Centre as a Senior Forensics Specialist and assists 196 member countries in exploring, utilising and exploiting technologies that will assist law enforcement in their work. He also runs seven expert groups ranging from drones, immersive technologies to digital forensics and artificial intelligence in digital forensics. He also assists member countries in their work and investigations where innovative solutions are requested. INTERPOL connects the dots in technology for member countries through creating a bridge between academia, industry and law enforcement.

and Solicitor in Singapore, Bryan also holds non-practicing admissions in England & Wales and Washington state. His arbitration expertise covers intellectual property transactions, licensing, and technology solution implementations. This multi-jurisdictional background provides a significant advantage in understanding international industry practices and law. As counsel, Bryan has represented clients in court and arbitration for IP, technology, and commercial disputes, including passing off, trademark, copyright, and patent infringement claims. He also possesses noteworthy experience in employment law disputes, especially those concerning confidential information and trade secrets.

**Mr. Bryan Ghows** – Managing Director, Ghows LLC, Singapore

Mr. Bryan Ghows is an accomplished arbitrator and attorney specializing in technology and intellectual property. With over 40 years of experience, he excels in disputes and transactions across technology, IP, commercial contracts, and data protection. His career, marked by significant time in legal practice and in-house roles at Microsoft and IBM, profoundly informs his work as an arbitrator, mediator, and counsel. Practicing as an Advocate

and Solicitor in Singapore, Bryan also holds non-practicing admissions in England & Wales and Washington state. **Mr. Tan Ken Hwee** – Chief Transformation & Innovation Officer (Judiciary), Supreme Court of Singapore

As Chief Transformation and Innovation Officer (Judiciary) at the Supreme Court, Mr. Tan Ken Hwee looks after the transformation, digitalisation, innovation and technology plans of the Supreme Court, the State Courts and the Family Justice Courts. He has also been involved in related law reform work like the COVID-19 (Temporary Measures) Act 2020 and the

Courts (Civil and Criminal Justice) Reform Act 2021. He manages the Courts of the Future workplan for the Judiciary. Before taking on this role, Ken Hwee was the Chief Prosecutor in charge of the Financial and Technology Crime Division of the Attorney-General's Chambers. FTCD handled white-collar crime cases in Singapore, including cheating, criminal breach of trust, corruption, cybercrime, money laundering and terrorism financing, and Securities and Futures Act and Companies Act offences. Ken Hwee has also been a Senior State Counsel advising on Public International Law and a Senior Assistant Registrar in the Supreme Court. As State Counsel he also assisted in the development of key legislation like the Electronic Transactions Act 1998 and the Internet Code of Practice 1996 and various iterations of the Computer Misuse Act. He has held appointments as Chief Information Officer at the Attorney-General's Chambers and at the Supreme Court. He has been involved in legal technology in Singapore since 1990.

**Dr. Eugene Seah** – CEO, DLS Consultancy Pte Ltd

Dr. Eugene Seah is the CEO of DLS Consultancy Pte Ltd, a firm that provides Project Management, Cost and Contracts management, Contracts and Business Advisory that touches on Sustainability, Resilience, Digital and Technology. With more than 25 years of experience behind him and the vast experience on projects of various asset class and sectors, as well as business management under his belt, he is able to bring value to projects that is holistic in nature, taking into account contemporary issues in the industry. He enjoys being in practice, education and research, grooming the younger generation in the industry of Singapore and South East Asia. He is an Adjudicator, an Adjunct Associate Professor at Taylors and a Visiting Fellow of the University of Reading Malaysia. He currently holds the position of President of Building Smart Singapore, the Chairman of the RICS South East Asia Board and Singapore Chapter and Chairman of the International Cost Engineering Council. He enjoys serving and giving back to society. He is a member of COMPASS in MOE and is the Chair of the National Youth Achievement Award Council as well as committee member of several NGO committees.

**Mr. Alexander Joseph Woon Wei-Ming** – Provost's Chair and Lecturer, School of Law, Singapore University of Social Sciences

Mr. Alexander Woon is Provost's Chair and Lecturer at the Singapore University of Social Sciences (SUSS), School of Law. Alexander is the course leader for Criminal Law, and also Law and Emerging Technologies. He is concurrently a practicing lawyer with RHTLaw Asia. Alexander was previously a Deputy

Public Prosecutor/State Counsel with the Attorney-General's Chambers ("AGC"), Financial and Technology Crime Division, concurrently appointed to the Technology Crime Unit. He specialises in white collar and technology crime, having received specialised training in these fields, including training by legal experts and INTERPOL. Thereafter, Alexander was Deputy Director as the Office of Transformation and Innovation (Judiciary). He worked on implementing legal technology across Singapore's court system, including, for example, the unified Judiciary website, the Authentic Court Orders system, and the e-Divorce service.

**Dr. You Chuanman** – Senior Lecturer, School of Law, Singapore University of Social Sciences

Dr. Chuanman You is currently a Senior Lecturer at the School of Law, Singapore University of Social Sciences, where he specialises in the areas of corporate and financial regulation, law and artificial intelligence, data and platform governance, geopolitics and global sanctions. He was appointed as a Council Member of the Law Society of Shenzhen, China (2024-2029). Prior to joining SUSS Law, Dr You has worked

at the Chinese University of Hong Kong (Shenzhen), National University of Singapore, Singapore Management University, and Tel Aviv University. Dr You obtained his PhD from England focusing on comparative takeover regulation and path dependency theory. He additionally holds a Master Degree in Law and Economics (EMLE) from Germany, an MPhil in Law and History and an LLB in Civil and Commercial Law from China. Dr You has published extensively in leading academic outlets, including the Journal of Business Law, Computer Law & Security Review, and the Capital Markets Law Journal. Frequently featured in international media such as Bloomberg, the Wall Street Journal, and the South China Morning Post, Dr You is recognised for his expertise in China's evolving regulatory environment. He regularly presents at global conferences on issues ranging from financial technology and platform governance to cross-border mergers and acquisitions.

## APIEx Symposium & Workshop 2025: Technology, the Expert and the Law

#### SILE Attendance Policy

Participants who wish to obtain CPD Points are reminded that they must comply strictly with the Attendance Policy set out in the CPD Guidelines. For this activity, this includes signing in on arrival and signing out at the conclusion of the activity in the manner required by the organiser, and not being absent from the entire activity for more than 15 minutes. Participants who do not comply with the Attendance Policy will not be able to obtain CPD Points for attending the activity. Please refer to <http://www.sileCPDcentre.sg> for more information.

### 3 PAYMENT MODE:

#### PayNow Corporate:

Step 1: Log in to your bank's existing internet banking or mobile banking app.

Step 2: At the PayNow transfer screen, enter Asia Pacific Institute of Experts' UEN No. T19S0091J and the amount to be transferred.

Step 3: Verify that the recipient's name (i.e. Asia Pacific Institute of Experts) is correct before confirming the transfer.

#### Internet Banking/Bank Transfer:

Account Name: Asia Pacific Institute of Experts

Account Number: 048-907690-9

SWIFT Code: DBSSSGSG

Bank Details: DBS Raffles Place Branch, 22 Malacca Street, #01-00 RB Capital Building Singapore 048980. Please email us at [secretariat@apiex.org](mailto:secretariat@apiex.org) after the T/T has been done for our follow-up with the bank. The registration fee must be received net of all bank charges.

**Online Credit Card:** [https://apiex.org/index.php?option=com\\_content&view=article&layout=edit&id=206](https://apiex.org/index.php?option=com_content&view=article&layout=edit&id=206)

#### Cheque Payment Details:

Cheques to be made payable to "Asia Pacific Institute of Experts" & arrive at our office at **12 Eu Tong Sen Street, #08-169, SOHO 2, Clarke Quay Central, Singapore 059819** with your completed registration form by the closing date, **14 November 2025**.

### 4 REGISTRATION, REFUND & CANCELLATION POLICY:

By completing the online registration form, Event registrants confirm their acceptance of the following Terms and Conditions:

- Places at the Event are limited and will be allocated by the Organiser at its discretion based on various criteria and in order of priority upon receipt of registration and all payments due.
- The Organiser reserves the right to update or amend the details of the programme and/or the speakers without prior notice.
- The Organiser reserves the right to refuse to register or admit any participant, and to cancel or postpone the Event.
- No refunds will be made for cancellations or no-shows by registrants. However, a confirmed registrant who has paid the registration fees but does not turn up for the Event will be entitled to a set of the materials provided, if any.
- If any registrant is unable to attend the Event, an equivalent substitute may attend instead at no extra charge, provided that at least 3 days prior written notice is given to the Organiser. All such requests will be considered at the Organiser's discretion and subject to any applicable top-up in fees.
- Holding of any in-person Event may be subject to the approval of any relevant government authorities for public health or other reasons.
- In-person attendees at the Event must abide by any relevant public health or other measures imposed by the Government, the Event venue and the Organiser.
- The Organiser encourages any registrant displaying any COVID-19 symptoms to perform self-testing. Any registrant who tests positive is encouraged not to attend the Event and inform to the Organiser accordingly.
- As of 10 October 2022, the Vaccinated Differentiation Safe Management Measures (VDS) have been fully lifted in Singapore and the Organiser will no longer be requesting the verification of COVID-19 vaccination status for entry to the Event. However, in the lead-up to the Event, the Organiser will monitor the situation closely and be in touch again should there be further changes to the prevailing national guidelines.
- Mask wearing is optional at all times during the Event. Please practice good personal hygiene, including frequent washing of hands and use of hand sanitisers.
- Event registrants confirm that all details submitted in the Event registration form are true and accurate.
- By completing this form, Event registrants fully consent to the collection, use and disclosure of their personal data as appears in any form, document or electronic template, by the Organiser. [CLICK [HERE](#) TO READ OUR PRIVACY POLICY]
